Hi,

Below are some comments from ConnectiCare.

Thanks,
Paul

Subject: All Payer Claims Database (APCD) Submission Comments

Ms. Peach – As a result of our conference call with Paul Smith last week I would like to submit for public comment my concerns with the compliance of timeframes proposed for the data extract changes. As a result of the conference call last week with Paul I have had several internal meetings with key subject matter experts to review the requested fields and new extracts (additional extracts requested and more fields added to existing extracts) and I have significant concerns about meeting the timeframes you have requested to comply with this request. I have summarized my top concerns below:

- In the midst of addressing other State/Federal mandate requests so resources are scarce to complete this request
- Need to evaluate the request in greater detail to assure we understand all of the requested fields and if we have the information available in our warehouse (e.g. for the Dental extract we'll need to request this information from our Dental vendor). Which means the vendor(s) we'll need to make plans to comply with this request as well
- Need more time to assemble the technical resources (IS) and the business area resources (subject matter experts) to fulfill the data extract request changes

Please consider adjusting your timelines I am thinking that you are receiving similar appeals from other carriers regarding the timelines.

Please let me know if you should have any questions and/if you'd like to discuss in further detail.

Sincerely,
Greg Barbiero
